Hi Martha -

The recipient noticed that that project summary listed on page one of the award document is outdated.
Can you revise it to the following:

New Summary
The purpose of this award is for the design and construction of wastewater system improvements in Naalehu in the Kau district of the Big Island of

Hawaii. The project involves replacement of sewer lines (approximately 9,900 linear feet), installation of a wastewater treatment and

disposal system and elimination of 3 large capacity cesspools.

Old Summary
The purpose of this award is for the design and construction of wastewater system improvements in Naalehu and Pahala in the Kau district of the Big Island of

Hawaii. The project involves replacement of sewer lines (approximately 9,900 and 10,350 linear feet, respectively), installation of community septic tank

systems and elimination of 5 large capacity cesspools.

Or, is there a way I can do this in IGMS?

Thanks.

Kate
